PROJECT 14 WORKSHEET
BEGINNING NOTE ENTRY SKILLS WITH MUSIC NOTATION SOFTWARE
(FINALE98)

Name: _____   **Class: _____**   **Due Date: _____**

Setting Up Your Software

❏ **Step 1:** In the space below, describe any problems you had in setting up your software. Describe how you
solved them.

Menus and Windows

❏ **Step 2:** Compare the menu/window setup of Finale to a least one other notation program. Note the
differences and similarities for future reference.

Finale Score Setup

❑ **Step 3:** Check yourself off when you have successfully worked with score size, staves, measures, clefs, text and other score elements. Name and briefly describe the music for which you are designing a score.

Name of the file: _____ Location: _____

Adding Notation and Other Symbols

❑ **Step 4:** As a closing activity for this project, enter in all of your notes for these staves using the Point and Click method. Check yourself off when this is done. Be sure to add any expression marks, articulations, and lyrics.

Describe any problems you had in entering the first page of the music with which you are working. How did you solve these?
