

PEER EVALUATIONS

NAME: _____ **GROUP #** _____

COURSE _____

QUARTER: _____

Please try to assign scores that reflect how you really feel about the extent to which the other members of your group contributed to your learning and/or your group’s performance. This will be your only opportunity to reward the members of your group who actually worked hard on your behalf. **If you give everyone pretty much the same score, you will be hurting those who did the most and helping those who did the least.**

Instructions: In the space below, please rate each of the **other** members of your group. Each member’s peer evaluation score will be the average of the points they receive from the other members of the group. (As a result, the average peer evaluation score for all groups will be identical.) To complete the evaluation, you should:

1. In the space provided below, list the name of each of the members of your group **in alphabetical order** by last name.
2. Assign an average of ten points to the other members of your group. (Thus, for example, you should assign a total of 50 points in a six member group; 60 points in a seven member group; etc.).
3. Differentiate some in your ratings, e.g., you must give at least one score of 11 or higher (maximum = 15) and one score of 9 or lower.

REQUIRED Additional Feedback: In the space below, briefly describe reasons for your highest and lowest ratings. These comments—but not information about who provided them—will be used to provide feedback to students who would like to receive it.

1. Reason(s) for your highest ratings(s). [use back, if necessary]

2. Reason(s) for your lowest rating(s). [use back, if necessary]
